

Gati Shakti Vishwavidyalaya

(A Central University under the Ministry of Railways, Govt. of India.)

**NAIR CAMPUS, LALBAUG, VADODARA,
GUJARAT - 390004.**

PLACEMENT BROCHURE: MBA

**BE THE
TRANSFORMATION....**

In India's Transportation Ecosystem

Chancellor's Message

Gati Shakti Vishwavidyalaya will act as an engine of growth in the transportation and logistics by providing a highly qualified and talented workforce to usher India into a new age.

Ashwini Vaishnaw

**Chancellor, Gati Shakti Vishwavidyalaya
Minister of Railways , Communications and
Electronics & Information Technology,
Govt of India**

Vice Chancellor's Message

Gati Shakti Vishwavidyalaya focuses on the entire transport sector to produce a talented, well trained and focused human resource cadre for handling the complexities of the sector. This will support the ambitious growth and modernization in the field thereby supporting and enabling the PM Gati Shakti National Master Plan.

Prof. Manoj Choudhary
Vice Chancellor

Gati Shakti Vishwavidyalaya

Gati Shakti Vishwavidyalaya (GSV), a Central University and a pioneer in the domain of transportation education in India, embodies vision of the Hon'ble Prime Minister Shri Narendra Modi Ji. Created in 2022 by an Act of Parliament, GSV's inception goes back to National Rail and Transportation Institute (NRTI), which was established in 2018 as a Deemed to be University under De Novo category.

Being a University of first-of-its-kind focused on transport-related education, multidisciplinary research and training, GSV is specifically established to create a resource pool of best-in-class professionals for the entire transportation sector across technology, economics and management through a variety of programs including regular education, executive and continuing education as well as skilling. As a futuristic initiative of Government of India, GSV believes in shaping graduates and postgraduates who are uniquely qualified to pursue and excel in careers in transportation-related industries and crucially cater to the shifting needs and rising demands of the global economic order.

GSV offers multi-disciplinary programmes based on demand-driven curriculum which is woven around industry priorities in order to meet the industry needs of the transportation sector.

In tune with the globally acclaimed best practices, GSV follows a highly experiential and unique inter-disciplinary pedagogical approach that incorporates the latest technologies such as live classrooms, online programmes and sessions engaged by high quality faculty with global exposure. Students of GSV are uniquely qualified to pursue and excel in careers to match the contemporary demands of the globalized economy.

GSV Campus

GSV is, currently, located inside the National Academy of Indian Railways' campus in Vadodara, Gujarat. The 55 Acres campus is a wooden sanctuary enlivened by the calls of peacocks and migratory birds. The campus also houses the Pratap Vilas Palace, a historical monument. The Palace, designed by C.F. Stevens in renaissance style, was built in the year 1914.

The campus life, in the luxurious sylvan surroundings, promises students the best possible ambience for intellectual and academic pursuits. The campus is equipped with the modern facilities viz. state of the art air-conditioned classrooms, hostel accommodation, Wi-Fi etc.

Academic Programmes

The University, currently, offers the following academic programmes focused on transportation and logistics:

- ▶ **B.Tech (Rail Infrastructure Engineering)**
- ▶ **B.Tech (Rail Systems & Communication Engineering)**
- ▶ **B.Tech (Mechanical & Rail Engineering)**
- ▶ **BBA (Transportation Management)**
- ▶ **B.Sc. (Transportation Technology)**
- ▶ **MBA (Logistics & Supply Chain Management)**
- ▶ **MBA (Transport Economics & Management)**
- ▶ **M.Sc. (Transport Information Systems & Analytics)**
- ▶ **M.Sc. (Railways Systems Engineering & Integration) -
a dual degree program with University of Birmingham, UK**

GSV Faculty

Dr. C.P. Nanda

Professor
Ph.D, JNU

Dr. Edwin Raj

Professor
Ph.D, IIT Roorkee

Dr. Hari K Gaddam,

Assistant Professor
Ph.D, IIT Delhi

Dr. Sunil Kumar Sharma,

Assistant Professor
Ph.D, IIT Roorkee

Dr. Pradeep

Assistant Professor
Ph.D, IIT Hyderabad

Dr. Pradeep K Saroj

Assistant Professor
Ph. D, IIT Dhanbad

Dr. Jitesh Thakkar

Professor
Ph.D, IIT Delhi

Dr. Venkat Chintala

Associate Professor
Ph.D, IIT Delhi

Dr. Abhilasha Saksena

Assistant Professor
Ph.D, Tohoku University, Japan

Dr. Ram Krishna Upadhyay

Assistant Professor
Ph.D, IIT Dhanbad

Dr. Jyoti Sharma

Assistant Professor
Ph.D, University of Delhi

Dr. Navneet Sharma

Assistant Professor
Ph. D, IIT Indore

Prominent Visiting Faculty

Dr. G. Raghuram

Ex-Director, IIM Bangalore
B.Tech., IIT Madras; PGDM, IIM
Ahmedabad;

Mr. Saurabh Mittal

B.Tech., IIT Delhi; MBA, Oxford Uni.;
Member, Governing Board, IIT Mandi

Dr. Kamal Kishore Sharma

Professor, IIM Kozhikode
Ex Vice Chancellor (A), Ansal University
Fellow, IIM

Mr. Apoorv Bamba

Co-Founder & CEO,
Ingenious Faces

Dr. Vijaya Sunder

Assistant Professor, ISB Hyderabad
PhD, IIT Madras

Dr. Usha Mohan

Professor, IIT Madras
PhD, Indian Statistical Institute

Dr. Hasmukh Gajjar

Associate Professor, IIM Indore
PhD, IIT Bombay

Dr. O.P. Agarwal

CEO, World Resources Institute
Masters in Transportation, MIT, USA; PhD
Transport Economics, IIT Delhi

Dr. Sandhya Shekhar

PGDM, IIM Bangalore; PhD, IIT Madras;
Former CEO, IIT Madras Research Park

Dr. Narayan Rangaraj

B.Tech., IIT Bombay, PhD, The Johns
Hopkins Univ.; Professor, IIT Bombay

Dr. Rekha Jain

Ex-Professor, IIM Ahmedabad
PhD, IIT

Dr. L.S. Ganesh

Professor, IIT Madras
PhD, IIT

Dr. Gopal R. Patil

Professor, IIT Bombay
PhD, Rensselaer Polytech. Institute, NY;

Dr. Ankur Kulshrestha

Adjunct Professor, BIMTECH
CFA, CA; Doctoral Fellow, IIM

International Collaboration

GSV has forged academic partnerships with top-ranked global universities offering opportunities for student and faculty exchange, joint research and learning,

Cornell University, USA

Japan Transport and Tourism Research Institute, Japan

RUSSIAN UNIVERSITY OF TRANSPORT (MIIT)

Russian University of Transport, Moscow, Russia

University of California, Berkeley USA

St. Petersburg State Transport University, Russia

UNIVERSITY OF BIRMINGHAM

University of Birmingham, UK

MBA (Transport Economics & Management)

This programme focuses on building a strong foundation in theories, methods and tools needed to design, organise and supervise transportation systems. The programme stresses effective development of analytical, problem-solving and management skills, with a strong focus on sustainability.

Academic Curriculum

- Modelling through spreadsheets & R programming
 - Transport and supply chain ecosystem
 - Principles of Accounting
 - Business statistics
 - Marketing management
 - Critical Thinking & Writing - I
- Managing Transportation systems
 - Financial management
 - Operations and product management
 - Operation research models in Transportation
 - Critical Thinking & Writing - II
- Freight Management
 - Business law
 - HR & OB
 - Communication & story telling
 - Strategy for Transport organization
 - Business Research methods
 - Information technology for Business Transformation
- Special topics in TEM
 - Transportation systems safety and reliability
 - Innovation and Entrepreneurship
 - Capstone and simulation
 - Business seminar - I
 - Elective - I
 - Elective - II
 - Elective - III
- Leadership Round table
 - Business seminar - II
 - Industry practicum
 - Business Ethics
 - Terminal Management
 - Environmental Impact - Transportation systems
 - Transport Economics
- Warehouse design and management
 - Technologies for transportation systems
 - Transport network models
 - Analytical tools for data structuring and visualization

MBA (Logistics & Supply Chain Management)

This programme is designed to equip young professionals with a foundation in theories, methods, and tools for managerial and analytical skills for design, integration and coordination of supply chains at multiple levels, bringing innovative and dynamic solutions to a fast-paced business environment.

Academic Curriculum

- Modelling through spreadsheets & R programming
- Transport and supply chain ecosystem
- Principles of Accounting
- Business statistics
- Marketing management
- Critical Thinking & Writing - I

- Fundamentals of SCM
- Financial management
- Operations and product management
- Operation research models in Transportation
- Critical Thinking & Writing - II

- Retail Management
- Business law
- HR & OB
- Communication & story telling
- Strategy for Supply chain
- Business Research methods
- Information technology for Business Transformation

- Special topics in SCM
- Warehouse design and management
- Innovation and Entrepreneurship
- Capstone and simulation
- Business seminar - I
- Electives

- Leadership Round table
- Business seminar - II
- Green Supply chain
- Industry practicum
- Business Ethics
- Terminal Management
- Revenue management

- Transportation systems safety and reliability
- Technologies for transportation systems
- Transport network models
- Analytical tools for data structuring and visualization

Students' Profiles

MBA (Transport Economics & Management)

Abhay Gupta, Graduation - BBA

Abhay is disciplined and a sports enthusiast who had contributed and played at many events displaying team building. He is also proficient in MS Office. He is always eager to learn new skills to improve himself. During his internship he learned about the Logistics of Reefer and Dry containers where he explored the process cycle of cargo movement in containerized form for export & import and domestic market in multi modal Transport.

Adhip Banik, Graduation - B.Tech (Mechanical)

Adhip is a charismatic and diligent leader. He is also the class representative of his batch. He is a mechanical engineer with experience in a heavy engineering automotive company. During his tenure of internship with Raymond Ltd. at Vapi, Gujarat, he undertook two projects: OTIF analysis and improvement of the plant, and logistics analysis of two service providers of Raymond.

Aditya Devgirkar, Graduation - B.Tech (Mechanical)

Aditya Devgirkar is a responsible person who wants to do things successfully. He is ambitious who thrives on challenges. He completed his Internship at Volvo Eicher Commercial Vehicle under a fleet manager. Where he got to learn about management of fleet and management of employees, to keep track of vehicle fitness and also how to operate in most efficient way.

Alaric N. Sangma, Graduation - B.Com

Researched on the project titled, "The Impact of Railway Network on Urban Transport in the Guwahati Metropolitan Area". Strategized the movement of trains in elephant corridors and suggested implementable mass transit options along with their routes. Aimed to improve the current situation of traffic in the city by minimizing the use of private vehicles while encouraging mass transit. Gave suggestions to minimize the carbon emissions from vehicles.

Aman Verma, Graduation - BBA

Aman is Highly dedicated student with expertise in finance, Transportation Economics Management .He has good analytical, entrepreneurial and communicating abilities. He believes in understanding another person's point of view with empathy. He can work under pressure and multi-task with ease and is a good team player and leader. He did his internship at Airports Authority of India, Varanasi in Terminal Operations department.

Ankur, Graduation - B.Tech (EEE)

Ankur ,23 year old completed BTech in EEE from SRM IST, Chennai now pursuing MBA in TEM from GSV. Did internship in CONCOR ,TKD ,Delhi. He is both simple and complex. Beauty captivates him and he see it everywhere. He loves people and cherish his time alone. He is good at many things. He love his home and have a constant urge to travel.

Anukriti Krishna, Graduation - B.Tech (Civil)

Anukriti Krishna is a responsible person who wants to do things successfully. She is ambitious who thrives on challenges. She completed his Internship at AAI Varanasi. Where She got to learn about documentation which are needed for the Airway Bill generation. to Calculate air freight of the commodities. Learned procedures for exporting and importing. and management of employees.

Anurag Dubey, Graduation - BBA

Anurag Dubey is an enthusiastic individual who is pursuing MBA in Transport Economics & Management after graduating from BBA. He did his internship from Container Corporation of India, which have given him the exposure to transportation industry. He is also a problem solving individual who can work efficiently in pressure situation.

Archisman Bhattacharyya, Graduation - B.Tech (Mechanical)

Archisman is a driven, ambitious person who has a strong enthusiasm for the logistics and transportation sector. He is currently pursuing a concentration in Transport Economics and Management. During his internship at CONCOR, he had a fantastic learning experience and developed a greater understanding of their rail-side operations, stack management, warehouse management, customs and EXIM procedures. He wants to be a part of a field where he can put into practice his knowledge and experience, ultimately benefiting the operations of the organization that he works for.

Ashleena Sharley Aiven, Graduation - B.Tech (EEE)

Ashleena Sharley Aiven is passionate about pursuing a career in the transport and logistics sector. She has recently pursued her internship at RITES Ltd. Bengaluru in the Urban Engineering & Sustainability Division. She is a fresher graduate in Electrical and Electronics Engineering. She is competent in public speaking and interpersonal communication. A meticulous professional with a solid analytical and data-driven mindset, who is willing to contribute to an organization's objectives while gaining valuable industry experience.

Bhanu Pratap Singh, Graduation - B.Sc. (Hons.)

Bhanu is one of the most dynamic personalities. His ability in team formation is commendable. His positive perspective towards life and incredible critical data analytics skill makes him stand out. Being a Project Management intern at CABT Logistics, he prominently handled the First and Last Mile projects of various E-Commerce clients. He is certified in Power BI and is an expert in creating attractive and illustrative dashboards. He is future ready to take up new challenges.

Devashree Kapse, Graduation -BE (Civil)

She has 3 yrs. of experience in the industry along with hands on experience of tools like AutoCAD, Hec Ras, E survey. She has completed her internship with statutory body under Border Management Department "Land Ports Authority of India" where she is responsible for the traffic design model planning in ICP Rupaidiha,UP which is first ICP in UP, India.

Dhananjay Kumar Mahato, Graduation - B.Tech (ECE)

He is Dhananjay Kumar Mahato, a people-loving and results-oriented person. That's why he chose RITES for his internship where he visited 3 different sites and learned about the loading and unloading of goods. Also constantly check in with the goal of route optimization and how close, he is, and what it will take to make the project feasible.

Goutam R Shet, Graduation - BE (Mechanical)

Goutam is very much enthusiastic towards railways and that's the reason why he aimed to pursue MBA from GSV itself. He has good communicating abilities and can easily handle work pressure without any complain. On his Internship at Rail India Technical and Economic Service Ahmedabad, Gujarat he learnt on how the organization deals with their clients like NHRCL and CONCOR and has shined out as a people's person. He adapts to any environment very easily and is a quick learner.

Gyanda Sharma, Graduation - B.Com

Gyanda Sharma is a highly motivated individual who shows professionalism in her work. She is optimistic and hard working. During her internship at CONCOR she showed her problem solving skills with an innovative approach to find out existing gaps to improve container movement efficiency. She is a good team player and who can manage well under pressure. She likes to read and explore new places.

Hanshul Dayma, B.Com (Economic and Commerce)

Hanshul has done B.Com at graduation level from Delhi University. He has undertaken his Industry Internship at RITES with a project titled "Export of passenger coaches and DEMU coaches from MCF, Raebareli to Mazambique. He is dynamic and hard working.

Harish Kesari, Graduation - BA(Economics)

I am Harish Kesari from GSV MBA. I have a Specialization in Transport Economics & Management, International Economics, International Relations and Insurance Sector. I have an Interest to learn foreign language and Immerging technology which can make our life and country relation easier with other part of world.

Harnisha Sarkar, Graduation - BE (Metallurgy)

Skilled communicator with 4 years of experience in an IT Company providing companies with successful solutions to building organisational success. Assessing acquisition opportunities, and identifying new markets. Got an opportunity for six weeks training in Container Corporation of India where explored all the activities of Rail side operations, Rack Management, Rack maintenance, and Containerization at ICD Tughlakabad.

MBA (Logistics and Supply Chain Management)

Abhishek Kagra, Graduation - BBE

Abhishek is a meticulous, spearheaded, conscientious, quick-witted, versatile, ardent person who follows strict professionalism. In college, his dynamism is appreciated by various Professors and peers. He showed tremendous skills in both the companies- Celebi cargo Terminal Mgmt. and AAICLAS during internship and learned about working of Air Cargo processes including EXIM Logistics, Inbound-Outbound cargo, Documentations, Dangerous Goods Handling, Freight forwarding and Custom clearance.

Afraz Khan, Graduation - B.Sc. Hons

Afraz is communicative, determined and creative. Determination is key in his eyes, not giving up before achieving whatever he set his mind on. Communicating with others is one of his favourite things to do, always eager to learn from others and help others out wherever possible. He is fluent in skills like business analytics and digital marketing.

Apanna Pradhan, Graduation- BE (Mechanical)

Apanna initiated her corporate journey with Tata Steel subsidiary after graduating as a Mechanical Engineer from KIIT University, Bhubaneswar. Being a team player, she has handled multiple challenges both in steel processing and customer relations. With an experience of over 3 years, she is keen to push further her journey in supply chain and operations. Apanna likes to travel and loves K-pop.

Arpan Patel, Graduation -BE (Electrical)

Arpan started his corporate life in the steel industry with CSC India Pvt. Ltd. after graduation. He values his commitments and has worked on multiple challenges and managed well during his tenure. He is also a certified IMS Internal auditor. He is adept in ERP with 4 years of work experience. He has good knowledge of sales and logistics, export activities and good communication skills. He completed his summer internship at Alstom (Bombardier Transportation India Pvt. Ltd.) Vadodara unit.

Arpit Mehta, Graduation - BE (MM)

Arpit is a quick learner who has great interpersonal skills which helps him to easily adapt into new situations. During his internship at DLT Labs, his mentor observed his skills to be a team player for sure, along with that he is very dedicated and humble and always had the zeal to learn more and ask multiple questions, which always made the discussion more interesting. He is always willing to work as a key player in challenging and creative environment

Arvind Kumar Nayak, Graduation -B.Tech (CSE)

Inquisitive, Organized, Honest and Confident is what defines Arvind. During his Summer Internship at RITES limited, he adapted to various situations and monitored them well enough to avoid any Hindrances during the Project. He being an Aspirant with an Excellent Communication Skills who aims to learn, develop skills, gain experience and contribute a lot to the real-world.

Ashutosh Jaiswal, Graduation - BE (Electrical)

Ashutosh is a process oriented person with good analytical skills. He is organized, efficient and displays high standards of work ethics. He has strong foundations in logistics & supply chain. He worked as a Strategic sourcing intern at Prakash Chemicals International Private Limited, where he got insights on Exports of chemicals, supplier relationship management, and market analysis of probable exportable product based on export data.

Deepak, Graduation - B.Sc.

Deepak is hardworking and passionate person with enthusiastic approach towards work. Done internship in Hero MotoCorp Global Part Centre. Learned the warehouse management and dispatch processes. Load Optimization is key area to which I am looking to work more upon after working in Hero GPC.

Gourab Panigrahi , Graduation - B.Tech (Mechanical)

Gourab is passionate about his work, because he loves what he does. He has a steady source of motivation that drives him to do his best. He thrives on challenges and constantly sets goals for himself. During his Internship in RITES, he learnt about collaborative problem-solving, Dealing with a wide range of people with flexibility and open-mindedness. He is always looking for an opportunity to do better and achieve greatness.

Harshit Mishra, Graduation - B.Com

Optimistic and opportunistic are the adjectives which justify me. I take professionalism in every task which is assigned to me. Completed internship in CONCOR and learned the operation and movement of dry and reefer containers. Experienced the role of Inland Container Depot in these such movements and operations. Learned the EXIM processes and role of Customs in the export and import of cargo.

Harshit Srivastava, Graduation -Bach. Management Studies

Harshit is a unique thinker and leader. Along with being creative and innovative, with flexibility in his approaches to handling various tasks and challenges, he has always been an inquisitive student who believed in practical and experiential learning, instead of merely accumulating theoretical knowledge. During his internship at the Shipping Corporation of India, he worked on the Cabotage movement in port pair combinations.

Himanshu Kumar, Graduation - BBA

Himanshu Kumar is a highly enthusiastic individual who is open to exploring new avenues of learning. He is self-motivated and a positive person who can manage well under pressure. During his two-month tenure as a supply chain intern at RITES, he drafted a new model for the project with regard to RITES SOPs. Himanshu likes working out and also came in second in a marathon.

Himanshu Singh , Graduation-B.Tech (Mechanical)

Himanshu Singh is a go-getter who consistently goes the extra mile to procure utmost excellence. His tenure at ICD Tughlakabad has prepared him for the management aspect of dry ports. He aspires to be an exceptional Today leader. Why today and not tomorrow? Because he believes that if you want to ignite change tomorrow, you have to begin today.

Ijaz Ali N, Graduation - B.Tech (EEE)

Ijaz is very passionate and open to learning something new. As a supply chain intern with CONCOR for two months, he improved warehouse operations and contributed insightful rail planning and stack management ideas. Being a highly optimistic and creative person, he is able to introduce and incorporate effective new technical elements that are simple to use into supply chains.

Kaushik N Gaekwad, Graduation - B.Sc. (Maths)

He is simple, content, and a real-time player who believes in alignment and execution over strategy and ideas. His imagination is what makes him stand out, and he is excited about where the industry is going. Being a fresher and having done an internship, he will develop expertise and contribute to the goals of the company.

Kripa Ranjan Sarkar, Graduation - B.Sc. (Fishries & Maths)

Kripa Ranjan Sarkar is an MBA student at Gati Shakti Vishwavidyalaya, with a focus on Logistics and Supply Chain. He gained practical experience in root and cost optimization, and scheduling of rakes during his summer internship at RITES, Kolkata. He done his graduations in Mathematics and Fishery Sciences. He is also a national-level handball player, which has helped him develop teamwork and focus skills. His passion for the field and experience makes him an excellent candidate for a career in Logistics and Supply Chain Management.

Kshitij Anand, Graduation - B.Tech (IT)

Kshitij Anand is a polite person who is honest and timely. He works well in a team but also works well alone since he likes to create goals that he will attain. He honed his listening and communication abilities in a student-facing position. He is a person with a creative mind who is always up for a new challenge. Having worked in business development, he is very organised and constantly plans to ensure he handles his time efficiently.

Lalit Kaushik, Graduation - B.Com (Hons.)

Lalit is a self-motivated person with quick decision-making skills and a forward thinking mindset. He is a team player with effective problem-solving skills, a solution oriented approach, and a desire to collaborate with others. During his internship at Wipro Consumer Care and Lighting, he was responsible for designing a warehouse based on its demand in order to reduce the time in the supply chain process. He is eager to take on new tasks and come up with innovative and practical solutions to difficulties.

Nikhil Kumar, Graduation - BBA

Nikhil completed his graduation from GGSIPU and did his internship at the Airport Authority of India under the operations department. From there, he learned about various aspects of the airline industry as well as the smooth flow of airport operations. He is a person who loves to travel to new places and meet new people and their cultures.

Pankaj Kumar, Graduation - B.Com

Pankaj Kumar is organized, diligent, honest, and displays high standards of work ethics. He is self-motivated, loyal, and a positive person who can manage well under pressure. During his internship at Minda Industries, he demonstrated his ability to create supplier row material planning as well as production planning and some other purchase department processes such as creating purchase requisitions, purchase orders, supplier indents, perpetual inventory management, and transportation planning. Being a creative and articulate person enables him to provide practical solutions that bring about positive change.

Pratik Sukhadev, Graduation - B.Sc. (Agri.)

Pratik is a dedicated, curious, and hardworking individual with a creative approach to his work. He exhibited his problem-solving abilities using logical and analytical skills with good interpersonal communication. He comes from an agricultural background and hopes to combine domain knowledge with logistics and supply chain management to improve the sector(s).

Rohit Tyagi , Graduation - B.Com

Rohit is a dedicated, hardworking, and inquisitive person with creative ways to achieve tasks. He has a passion for the supply chain and finance sectors. He has a degree in Bachelor of Commerce and has previously worked in the social auditing space. He has completed his summer internship at an emerging start-up as a supply-chain management operations intern.

Ruby, Graduation - BA (Economics)

Ruby is a talented, ambitious, punctual, and hardworking individual with knowledge of operations, project management, and supply chain management. Her core technical skills include MS Office, Excel, Tally, CorelDRAW, Adobe Photoshop, and RStudio. During her internship with Rail India Technical and Economic Service Limited (RITES Ltd.), she gained valuable professional experience in logistics and supply chain management. She is efficient in meeting deadlines.

Saurav Maurya, Graduation - B.Com

Saurav is determined and ambitious. He holds a Bachelor of Commerce degree. During his internship at RITES, he obtained valuable experience. He also enjoys conversing with new individuals and discovering more about them. He finds this skill especially helpful while working on projects with new team members. In his free time, Saurav enjoys playing the guitar and listening to music.

Shailesh Bhai Bhil, B.Tech (Chemical Engineering)

I have 4+ years of experience in production and operation in the chemical industry, I am also better at manpower management and resource utilization and very determined. Independent and enthusiastic learner with natural leadership and team skills. I have a good academic background and versatile knowledge in the fields of transportation, supply chain and operations. I am very adaptable and have always shown a creative approach to solving complex problems and working smoothly under pressure.

Shivangi Pandey, Graduation -B.Com(Hons.)

Shivangi is a hardworking individual with high enthusiasm. She does her work efficiently, has a positive attitude towards all problems, is a team player with good communication skills, and is particular about her work. During her internship at CONCOR, she learned about port operations, ICD management, and the EXIM process, including documentation, with great enthusiasm.
